

BeLux intelligence services for Clarivate Analytics

PhaRA provides expert regional content on Belgium and Luxembourg for Cortellis™ Regulatory Intelligence. Clarivate Analytics professional regulatory intelligence specialists work with an international network of consultants, each with an in-depth local expertise. As a result, each Cortellis™ Regulatory Intelligence country module contains detailed and continuously updated Regulatory Summaries written by experts from the region.

Clarivate Analytics accelerates the pace of innovation by providing trusted insights and analytics to customers around the world, enabling them to discover, protect and commercialize new ideas faster. Formerly the Intellectual Property and Science business of Thomson Reuters, they own and operate a collection of leading subscription-based services focused on scientific and academic research, patent analytics and regulatory standards, pharmaceutical and biotech intelligence, trademark protection, domain brand protection and intellectual property management. Clarivate Analytics is now an independent company with over 4,000 employees, operating in more than 100 countries and owns well-known brands that include Web of Science, Cortellis, Thomson Innovation, Derwent World Patents Index, CompuMark, MarkMonitor and Techstreet, among others.
